Holiday Music Program

Our program is almost here! All grade levels will be performing on Tuesday, December 20th. Students need to arrive by 5:45 p.m. as the show will start promptly at 6:00 p.m. Additional parking will be available behind the school. Please enter from 11000 South. We anticipate the show will conclude at approximately 6:30 p.m. Thank you to our music teacher, Mr. White, for his hard work and dedication.

Science Fair

Our annual Science Fair will be on January 11th. If you have a 4th or 5th grader participating, please encourage them to complete their project over the holidays. On Monday, December 19th, the students will be provided feedback on their projects.

Project Teddy Bear

Thank you for making our service project a success! We collected over 700 stuffed animals to give to children in need. A special thank you to the student council and Ms. Draper, who organized the project.

Learning Through the Holidays

During the holidays, there are numerous ways that students can continue learning. A few suggestions:

- Read with your child. Pick your favorite holiday books and read them together as a family.
- Bake together and let the children measure the ingredients.
- 1st – 5th graders: Practice reading online using Lexia or Reading Plus.
- 2nd – 5th graders: Practice math fluency online using Reflex.

Have a safe and happy holiday!
