### **Elementary School Schedule:**

Katie Jones presented the proposal before the board for a change in the schedule for next year. It is Option 2. Specialties -(computer, media, PE, and arts) and early out Fridays. The board will hold a study session on Wednesday, January 28, 2015.

Objectives for a change in the elementary schedule:

2. Gain planning time for teachers
3. Give teachers collaborative time together
4. Time for Professional Development

### **SNAP:**

Our school's safe walking plan was the same as last year's. The date was updated and turned into Ben Lems, Planning and Enrollment Director, on Tuesday, January 13, 2015.

### **Land Trust reporting and approving for 2015-2016:**

Ellen Stone, achievement coach, presented Tier 2 statistics showing the growth our students have made this year with the paraprofessionals teaching different groups.

#### **GROWTH LEVELS:**

First grade: 67% growth  
Second grade: 89% growth  
Third grade: 75% growth  
Fourth grade: 62% growth  
Fifth grade: 48% growth

NO regression this year for any grades.

We propose that our Trust Land Monies be used for hiring 4 to 5 paraprofessionals to aid in Language Arts and Math curriculum for year 2015-2016.
