

- SCC Meeting 12/15

Absent: Melissa Johnson, Ann Hogan

Also present: Tamara Stokes (PTA), Gabriela Reinhardt (teacher)

1. Reading and approval of October minutes

2. Presentation by Kelly Dumont: HB213 Digital Citizenship (attached as a file to email)

- Filtering, internet safety education: students have had an assembly on this already. Council would like links from the assembly passed on to parents for home viewing
- See full power-point for all district policies and prevention: allowed apps, bullying,
- Discussion: What does the administration see as their greatest threats for students? Mindy: lack of understanding, education. Two disciplinary incidents have been a result of off-task behavior
School policies in place for devices brought from home: can't be out.
- Teacher training: monthly
- Parental resources: Parentconnections.canyonsdistrict.org
- **SCC responsibilities: discuss and decide what are we comfortable with filtering? The SCC determined they were comfortable with the current filtering. We will continue to work on the action plan. Parent/guardian education component required. Do we want to plan something for internet safety week? The SCC decided that we will not have a night during the first week of February but will send information out in the newsletter and will have an information table available at Parent Teacher Conferences.
- Upcoming technology: Virtual Reality: Google Expeditions

3. Behavior: 16 incidents so far (chart) - reviewed the data (time, locations, type of incident, etc.)

Upcoming: character education

4. Academic progress: next assessment in January

CSIP: new math aide

5. Bylaws: Mindy will send

5. Budget: currently a little under, so the aides' hours may be increased

Cell tower check has come through. Have been spending on prizes, booster supplies

6. Reading Incentive program:

- Mindy: faculty is pretty split (see Oct. minutes for discussion) on home reading incentive program

- Recommended and agreed upon action plan: Focus on encouragement and goal-setting/rewards for testing rather than home reading program. Recognition in January for grade levels making improvement. Testing is Jan. 20
- Action plan: Ellen will work with each grade level to determine realistic goals and let them choose their incentive. Art project?
- Lunchtime DJs a week before to get them excited. Date?: 11-13? Do bulletin boards with goals/rewards (Ellen has volunteered to do)

Feb. 11 is Valentine celebration. Do we want to piggyback on that date with the “reward” activity for grade levels achieving goals

7. Facility updates: safety doors in progress, parking lot in back is finished.

Next meeting: Jan. 19 4:00 p.m.

Digital Citizenship Powerpoint:
