Principal's Message

Even when you're totally healthy, not having social interactions can hurt both your physical and mental wellbeing. Make sure you are reaching out to family and friends. Here are some ways to keep you mentally and physically safe.

- \*You can still FaceTime, call, text, or have a Zoom happy hour with your friends.
- \*Looking for the good or the positive in daily things is an important strategy.
- \*Mindful breathing - match your in-breath with your out-breath and focusing on scanning your body is calming.
- \*Change your expectations - "Be easy on yourself,"
- \*Manage your news intake. It's okay to set a few times a day where you'll check in for updates but don't let yourself be overwhelmed.

Please take care of yourself! We miss you and look forward to being together soon!

Principal Camie Montague

**Crescent Information**

Our school website will have the latest and greatest information specific to what we are doing here at Crescent. Most of the information can be translated. If your home language is not an option, please contact the school and we will get that changed.

We will have lunch and breakfast available for children 18 years and younger Monday-Friday. Children must be present to receive foodservice. Both may be picked up from 11:30AM-12:30PM.

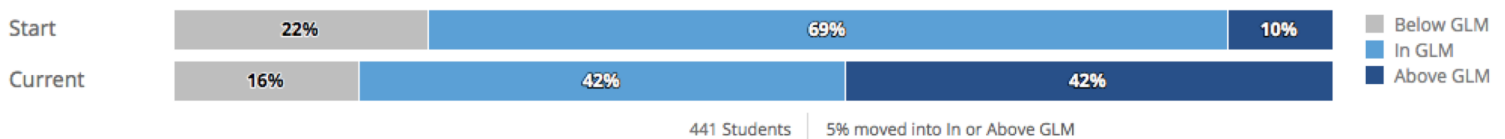

Our teachers have been the most dedicated people I have ever had the privilege of working with. They have worked really hard for the past several weeks focusing on what students need to know to move forward and be prepared for their next school year. Each grade level has spent incredible amounts of time developing lessons and practice to help our students feel and show success. Teachers still feel like they need to supplement the online curriculum with paper to pencil practice.

**In order to help with social distancing these paper pencil practice and math consumables will be available 24 hours a day. if you do not feel it is safe to pick these up please do what is best for you and your family. The packets have been laminated so that they can be sterilized.**

The grade-level coolers will be filled and ready for pick up Friday, April 10<sup>th</sup> for families to be able to pick up the practice packets. Students will start online learning with teachers on Monday, April 13<sup>th</sup>.

If you have any questions or concerns please contact me [Camie.montague@canyonsdistrict.org](mailto:Camie.montague@canyonsdistrict.org)

**Core 5**

Even with all that has gone on our Crescent Cubs are working so hard! We are so proud of all the progress they have made over the last month! Please continue to work with your children 60minutes a week on Core5 until they pass off their current grade level. Iready is 45minutes a week.

## Save the date

### Kindergarten Orientation

Has ben postponed. We will send out more information as it becomes available. Things that you will need to have to register are the following:

Please bring your child's immunization, birth certificate and proof of residence. If you haven't turned it in already. We will have a short meeting followed by by some fun activities with the students and teachers.

Marci Reeves is an outstanding educator. Watching her teach a Saxon lesson, or any lesson for that matter, is incredible! She creates a very positive classroom and learning environment for all of her students. Marci is consistent in her ability to provide high quality instruction, deal with the demands of a first grade classroom, and plan and collaborate with her team, all while staying humble. Marci is fantastic at keeping an eye on students she may think need additional support and adjusts her instruction and pacing as needed. She is observant, warm, and loving towards all of her students.

Marci is an absolute team player. She is kind and welcoming in the hallways and is a fantastic asset to not only her first grade team, but to the entire school! Marci goes out of her way to quietly do things for others and does not need or want to be noticed, but does things out of the kindness of her heart. Marci gladly shares her knowledge and resources with others.

Marci has helped so many students gain a strong foundation for reading. Her team loves her, her parents and community love her, and most importantly, her students love her and KNOW she loves them.
