Volunteers in the classroom

- Due to the current pandemic, the district has advised us to not have parent volunteers in the classroom at this point in time. We know you provide a great service to help us as teachers. We hope this is temporary, but it all depends on the restrictions of COVID-19. Thanks for your understanding. 😊

Birthdays

We understand that your child's birthday is important, but we cannot use class time for individual parties.

If you would like, you may send something from the approved snack list, when celebrating your child's birthday, but please don't feel obligated. If you send edible treats, please make sure they are commercially made and individually wrapped, purchased from a store, and can be distributed at the end of the day.

****No cupcakes, cakes, donuts, etc.****
