

## **Permission for Students to Participate**

Dear Parents:

Sometimes during the school year, students may be involved in special projects and we would like to recognize them for the wonderful work they accomplish. This recognition could come in various ways:

1. School academic work/activity/photographs in Crescent's PTA and/or school newsletters (Students identified by first and last names).
2. School academic work/activity/photographs on Crescent bulletin boards. (Students identified by first and last names)
3. Public newspaper articles/photographs recognizing school activities, or interviews by the media (Students identified by first and last names).

Crescent Elementary would like to use student's picture and/or first and last name for public view. Please mark this on the Online Registration if you agree to this.
